Finally the Event of the Year is here. The most remarkable and the most wanted and exciting event by the Pedalphilies Cycling Club (PCC) for all cyclists.

After 3 months of preparation looking for the best scenic route, gruelling climbs and fast flats, finally we can "cheerfully" announce the destinations and open up for registration.

This year's PCC Interstate will be starting from Kajang and ending at Bahau for the First Day, then Bahau to Kuala Rompin on the Second Day and last but not least the LTdL 2008 Route, Kuala Rompin to Kuantan. Therefore this year we will be covering 4 states and flying by the kampungs and beaches.

The Closing Date of Registration is 30th June 2008 or upon our signing up 150 pax, whichever comes first! Given the limited number of places, therefore please get your name registered now before you miss the fun again like last year. Don't wait until next year PCC IS 2009 and get your name registered now for PCC IS 2008!
